> Sir: Enclosed are the HPV documents for the Alkyl  
Diphenyloxide Disulfonates (ADPODS), which we are submitting on behalf The Dow  
Chemical Company. Please have these documents posted on the EPA website for  
HPV chemicals. Attached is a cover letter and test plan for this ADPODS  
category. As there are seven IUCLID documents, we will be forwarding them in  
several separate emails. This information has been added to the US HPV  
Chemical Tracking System at <http://www.hpvchallenge.com>. Please let us know  
if you have any questions.

Attn: Chemical Right-to-Know – HPV Challenge Program

Dear Ms. Whitman:

On behalf of The Dow Chemical Company, I am pleased to submit the Test Plan and Robust Summaries in IUCLID format for the Alkyl Diphenyl Oxide Disulfonates, a category of compounds known as the ADPODS. The seven members of the category include the following CAS numbers: 147732-60-3, 70191-75-2, 36445-71-3, 149119-20-0, 119345-03-8, 119345-04-9 and 65143-89-7. As requested for the HPV program, the test plan has also been posted onto the U.S. HPV Chemical Tracking System. All documents are Adobe Acrobat (pdf) files.

We understand this information will be posted on the internet for comments for a period of 120 days. Please forward comments to me at the following address:
